BLOWN INTO ETERNITY

GOVERNMENT GUNBOAT BEN-
NINGTON DESTROYED OFF
SAN DIEGO, CAL.

WEAK BOILER WAS CAUSE.

The Frightful Disaster Causes Death
of Many and Injury of
Others.

THE MISSING OVER HUNDRED

San Diego, Cal., July 22.—The United States gunboat Bennington blew up one of her boilers while lying off this port yesterday afternoon. It was a frightful disaster, resulting in the death of forty-one of the sailors and wounding of as many more and also well destroying the craft. The vessel was in command of Captain Lucien Young, of Kentucky, whose life, perhaps was saved by the fact that he had gone ashore just before the explosion took place.

The warship had received orders from the navy department at Washington to sail yesterday morning for Port Harford, where she was to meet the monitor Wyoming and convey the vessel to Mare Island navy yard. She was up, and everything was in readiness for sailing when suddenly and without any warning whatever, the starboard forward boiler suddenly exploded with a deafening roar. The explosion was terrific. People standing on the shore saw a huge cloud of white steam rise above the Bennington. Columns of water were hurled into the air and for a distance of nearly twice the height of the spars of the vessel.

The boiler which exploded, it is said, was regarded as unsafe. Commander Young stated that during a recent return from Honolulu the steam pressure was kept reduced in that particular one.

When the explosion occurred the engineer was inspecting the boilers as a preliminary to the vessel's leaving port, and he was not seriously injured. Officers and men who were able to assist in rescue acted in a brave and collected manner. Pumps were manned to keep the water from the upper compartments, the magazines flooded, and men fought their way through the steam into the darkened hold.

An examination of the Bennington above deck did not disclose any great damage. The vessel was covered with a gray coating of the color of ashes. The escaping steam carried a gray-colored mud which smeared everything, even the sides of the vessel. There were broken gangways and displaced machinery of a minor character, but no serious damage to the main deck was visible. It was explained to those on board that the wreckage was all below, but just how serious this is will be fully determined only after a thorough examination can be made.

This cannot be made until the water has been pumped out and the vessel righted. Commander Young declined to make any official statement for publication. He said, however, to a reporter today that he believed the disaster was caused by the explosion of boiler "D" on the port side and that boiler "B," while not exploding, had been damaged, allowing the steam to escape.

Death List May Increase.

San Francisco, July 22.—Rear Admiral McCalla, commandant at the navy yard at Mare Island, upon hearing of the blowing-up of the Bennington's boilers, dispatched Capt. F. J. Drake, Surgeon Smith and three men of the hospital corps to the scene of the disaster and dispatched the tug Fortune from Port Harford to San Diego to assist in the recovery of the bodies. If Surgeon Smith considers it advisable, the wounded men will be brought here by special train, and the naval hospital is being made ready to receive them.

According to the latest advices from San Diego the official list of casualties shows forty-one dead, nine of the victims being as yet unidentified. The list of wounded numbers fifty-five, sixteen of whom, including one unknown man, are in a serious condition. The only officer included in the list of the victims of the disaster are Ensign N. K. Perry, who died from the effects of his wounds, and Ensign Lee Salm, whose right hand was crushed by the ship's surgeon, and he did not go to the hospital.

The city of San Diego loaded a fire engine upon a lighter and ran it along

side the Bennington, where she now lies beached, and it is now being used to pump out the vessel's engine room. As the vessel now lies beached she has a heavy cant to starboard and at least fifteen feet of water in her hold. The number of men reported missing at last reports is estimated at from twenty-one to twenty-five, and it is feared that when the worst is known the list of dead will be largely increased.

A roll call ordered by Commander Young, on board the Bennington some hours after the explosion, showed sixty-one men present, leaving 136 unaccounted for. Those included the dead, injured and missing. Commander Young believes some of the missing men were drowned, and that their bodies will be found in the bay.

President Awaits Details.
Oyster Bay, N. Y., July 22.—President Roosevelt was greatly shocked at the news of the disaster of the gunboat Bennington in the harbor of San Diego, Cal. Beyond expressing his profound regret, he chose, however, to reserve expression on the matter until he should have received complete details.

Late Warship Disasters.

Battleship Iowa—April 9, 1903, explosion of gun; 3 killed, 5 injured.

Cruiser Olympia—Norfolk, Va., September 2, 1903, explosion of barrel of alcohol; 2 killed, several wounded.

Battleship Missouri—Off Pensacola April 13, 1904, explosion of powder; 33 killed, 5 hurt.

Battleship Connecticut—September October, 1904, 3 mishaps at attempts to wreck; no one hurt.

Battleship Massachusetts—At Philadelphia, December 15, 1904, explosion in fire room; 3 killed, 4 scalded.

Water Grave

PROTRUDING ARM EVIDENCED
PRESENCE OF WHITNEY'S
BODY.

Engineer Clay Warden Sighted It in
Tennessee River Opposite Me-
chanicsburg Coal Tipple.

Yesterday afternoon shortly after 2 o'clock the body of Mr. Hodge Whitney was found floating in the Tennessee river a short distance out from the bank opposite the St. Bernard Coal company's tippie in the south end of Mechanicsburg. It was brought to shore and taken to the Pool & Nance undertaking establishment on South Third street, where Coroner James Crow will hold the inquest this morning at 9 o'clock.

Yesterday afternoon at the time mentioned the steamer Mary N was up about the landing of the tippie tracks doing harbor work, when Engineer Clay Warden happened to glance over the side of the craft and see a man's arm and hand protruding out of the water. He immediately notified others aboard the steamer and they went out and catching the corpse towed it to the bank where it was identified as that of Whitney who was drowned the day before up at Clark's river while trying to save a skiff that escaped from the transfer company's sand and gravel digging outfit that was up there working and of which he was foreman. On being rescued the undertakers were sent for and they went to the tippie and procuring the remains carried them to the establishment on South Third street near Kentucky avenue, where the body was embalmed and prepared for burial. The face had turned black, and the flesh upon the hands and feet had shriveled up, but otherwise the corpse was in a good state of preservation. Today the undertakers will carry the remains to the residence of the deceased's parents at 813 South Sixth street, where at 10 o'clock tomorrow morning the funeral services will be held with burial following at Oak Grove cemetery.

The dead man's brother and friends were up at Clark's river dragging for the body when it was found here, where it had floated on coming to the top. The party up at the place of drowning was then notified and returned home.

PICNIC FOR POOR.

Next Wednesday Rev. Chiles and
Wife Carry Out Large Crowd.

Next Wednesday is the date for the picnic Rev. W. S. Chiles and wife, of the Third Street Rescue Mission, will give to the poor children of this city. They have not yet arranged for the place here in the city where the little ones will meet, but have prepared to take them out in wagons to near Thompson's Mill, which is three miles from the city upon the Ohio river. There is a nice grove nearby where the little folks will spend the day and partake of the big basket dinner to be furnished them.

Cotton Reports

FOUR MEMBERS OF THE STA-
TISTICAL BOARD TO PRE-
PARE THEM.

Each Will Work Independently And
Final Report Will Be a Com-
bination of All.

Washington, July 22.—Secretary Wilson has made public the names of the four men who will comprise the statistical board, which, under the direction of Assistant Secretary Willet S. Hays will prepare the government estimates of cotton acreage and yields, as well as statistics of other crops. The board will be composed of Victor Olmstead, present associate statistician of the Bureau of Statistics; S. D. Fessenden, an assistant statistician; George K. Holmes, chief of the division of foreign markets; and W. W. Long, recently resigned as an assistant statistician.

The board will meet in the office of the assistant secretary of agriculture to perform its labors. As the reports from field agents come in they will be taken by Assistant Secretary Hays and locked in a vault. When all of the reports have been received the members of the board will be summoned to make their estimates. This work has been likened by Mr. Hays to a school. He will serve as the teacher, and the field reports will be the problems to be solved. The men will work independent of each other, and their results will be submitted to Mr. Hays, who will go over them after the manner of passing upon an examination paper. The monthly reports will then be made up from the independently determined results of the members of the board. The final report to be the harmonizing of all.

At best the government's crop statistics are estimates, but it is believed by Secretary Wilson, as well as being the consensus of the opinions of the various statisticians left in the service, that this plan will bring a more nearly accurate computation than any means that can be devised.

With the exception of the time consumed in going over the field reports, the board members will perform the regular duties of their present positions. They will not have access to any of the field reports until after the doors have been locked. There will be no telephone communication with the outside, nor any chance of signaling from the room. The best talent in the department has been combined in making up the statistical board, and Mr. Hays is now giving this branch of the work what amounts to nearly undivided attention. He will personally attend the supervisory work that has attached to the office of chief statistician in the past.

DIED THE DEATH OF A HERO.

Flagman Gave His Life to Save a
Woman and Her Child.

New York, July 22.—In saving the lives of an unknown woman and her baby, William J. McDonald, flagman for the Long Island railroad, died a martyr at his post in Long Island city last night. McDonald obtained the job only a week ago. His widow and four children are left destitute.

Hundreds of toilers in nearby factories used the crossings where McDonald was stationed. He was to have been relieved in fifteen minutes when he saw a woman with her baby in arms walk upon the track directly in front of an incoming train. The flagman sprang to her side just in time to drag her from the tracks. As he turned a train on the opposite track crushed his life out. The woman witnessed his fate and ran screaming from the scene.

More than fifty persons have been killed on the same crossing in the past three years.

SULTAN BARELY

ESCAPES BOMB.

Brussels, July 22.—A telegram to the Petit Bleu from Constantinople says:

"During the Selamlik here yesterday a bomb was exploded in the courtyard of the Mosque, close to the sultan.

"His majesty was not injured, but several members of his suite were killed or injured.

"Several arrests have been made."

The Allis-Chalmers company, grain merchants of Chicago, secured options on half a block of Frankfort property with the end in view of building a mill and grain elevator.

The plant, if established, will be one of the largest in the South.

—Mr. and Mrs. A. C. Robertson have a new girl baby at their home.

Cabbie In Trouble

AN UNKNOWN DRUNKEN MAN
BEFRIENDED BY
CITIZENS.

Hack Driver Chas. Evans, Colored,
Arrested for Taking Money In-
tended to Pay Hotel Bill.

Charles Evans will doubtless remember the balance of his life his attempt last night to get hold of a \$1, even if he did not earn it, because as a result of what he thought was a shrewd piece of work, he is now under the charge of petty larceny in the police court. He gave bond for his appearance before Judge Sanders tomorrow morning in the police court.

Evans is a negro hack-driver for the Harry Anderson cab line on Broadway near Fourth street. Last evening shortly after 6 o'clock a number of well known people residing near Sixth and Kentucky avenue noticed a nicely dressed and intelligent looking young fellow sitting upon the stone steps of the Cumberland Presbyterian church at that intersection. Suddenly the young fellow reeled forward and fell to the sidewalk with much force thereby making the witnesses to the scene believe that he had fallen dead or some mishap had overcome him. They rushed over and found that he was "dead" drunk to the extent that he could not tell his name or state from whence he came. He was picked up, set on the steps and a hack then sent for to take him to the New Richmond hotel.

Evans answered the call for a cab and care around in his carriage. The kind people who had taken charge of the young man placed him in the hack and giving Evans \$1 told him to take the man to the New Richmond, keep a quarter for carriage fare, and give Proprietor Dale, of the hostelry the other 75 cents for letting the man stay there and sleep off his drunk.

Evans drove away with the young fellow, and after his departure the benevolent friends of the unknown thought maybe Evans would not carry out the instructions, so telephoned Mr. Dale and asked him if the young fellow was brought there. The hotel man said he was not. One of those who befriended the unknown then commenced a search and found that Evans had dumped the drunken lad out near the New Richmond, left him seated on the long stone step in front of the hostelry, and then drove away, keeping the dollar. Two of Paducah's best known ladies then went and had the intoxicated fellow taken charge of by the hotel people while others got a warrant against Evans, charging him with petty larceny by keeping the dollar. He wanted to give the money back, but the others refused to take it, having decided warrenting was even too good for him.

NEW YORKERS PAID

BIG MONEY

Just to Have Names in a Society
Leaders' Book.

New York, July 22.—Eighty-six members of society, to get into the exclusive 100 selected by Col. Wm. D. Mann as the real cream of society, contributed \$137,500 to the Town Topics Publishing company to have their names embalmed in the book to be called "Fads and Fancies."

Fourteen persons of the list failed to put up the \$1,500 necessary to get on this roll of honor. Just why they balked the books of the Town Topics Publishing company do not make clear.

One of the eighty-six is Charles M. Schwab, the multi-millionaire of steel and shipbuilding fame. His name gained added conspicuity through information which yesterday reached the district attorney's office that he had parted with \$25,000 for a subscription to "Fads and Fancies."

NEW SCHEDULE

Makes Several Changes in Passenger
Trains Out of Here.

The new time table for the Illinois Central railroad goes into effect this morning and makes several changes in the passenger runs. Under the new card the train coming in now from Louisville at 6:05 p. m. will not get here until 6:40 p. m. The St. Louis train coming in from Cairo at 8:35 p. m. will now pass through for Hopkinsville at 8:10. The St. Louis train leaving here by way of Cairo at 9:30 a. m. will continue leaving at the same time, but get to Cairo fifteen minutes earlier.

INFANT BABE DIED.

Grandson of Mr. B. F. Farrow Died
and Will Be Brought Here.

Last evening word was received here from Logansport, Ind., that there

had died Robert Lee, the 6-weeks-old son of Mr. and Mrs. Edgar Hamilton, and that the remains would be brought here tonight for burial at Oak Grove cemetery. Pending arrival of the body the funeral arrangements will not be effected completely.

The child is the grandson of Mr. and Mrs. B. F. Farrow, of 1131 Madison street, where the body will be brought on reaching here and the ceremonies conducted.

INSURANCE AGENTS

Councilman George McBroom Goes
To Attend Gathering.

Councilman George McBroom, the local agent for the New York Life Insurance company, leaves this evening for St. Louis to attend a special meeting of the leading agents for the Southwestern district of that big company. This district includes Missouri, part of Illinois, Kentucky, Tennessee, Arkansas and Texas. The agents will be there several hundred strong and hold a session of several days. Mr. McBroom will return the last of this week.

DELAIED AND WERE SAVED.

Cincinnati, July 22.—Louis Garret, aged 28, of Newport, Ky., and his seventeen-year-old wife, formed a suicide compact, agreeing to jump from the bridge into the river. Arriving at the scene of their contemplated crime they began arguing as to which should jump first. The bridge policeman overheard the remarks of the excited couple and reached the spot just as she was about to make the fatal plunge. Garret and his wife were placed under arrest.

Probable Big Deal

BOSTON CAPITALISTS NEGOTIATING FOR VALUABLE
LOCAL PROPERTY.

Want Street Railway, Gas and Heat-
ing Plants, And Have Secured
Option on Them.

Yesterday there was closed an option upon the street railway company, gas and fuel company, and steam heating company properties in this city, by Messrs. B. C. Parsons, John S. Bleeker, D. P. Robinson and Elliott Wadsworth, of Boston, mention of whose presence in the city and their business, was made through these columns several mornings ago.

They are capitalists representing the Stone & Webster company, of Boston, which is a mighty and wealthy corporation that operates this character of plants the country over. This is the second trip they have made to look over the local plants and yesterday they put up \$25,000 as an option to guarantee their good faith in the anticipated negotiations that are expected to be closed within the next few weeks.

The street car company is capitalized at \$300,000, and has \$500,000 outstanding bonds. The gas and fuel company is capitalized at \$200,000, with \$100,000 worth of bonds, while the heating company is capitalized at \$100,000, with \$50,000 bonds. The total for the combined properties is \$1,400,000. Mr. George C. Thompson is president of the street car company and George C. Wallace general manager, while James C. Utterback is president of the gas and fuel company and Samuel B. Hughes president of the steam heating company.

The Boston men take the option on all these plants and all go back home today with the exception of Messrs. Robinson and Bleeker, who remain to look further into the properties that the quartette have been examining for the past few days. Those going to Boston today make a report to the other members of the company, and then there will be taken up the details looking towards closing the mammoth deal, which will be the largest within the history of Western Kentucky, and probably the entire state.

The outsiders are wealthy, progressive and reputable business men, known throughout the East as strong promoters and plant builders. They promise to extend the gas system, enlarge the gas plant and improve the heating company property, expending about half a million dollars in putting these concerns in first class and up-to-date condition.

It is scheduled that Mr. Bleeker will manage the plants when the negotiations go through, the being an experienced and capable man, able to handle the important interests.

The Stone & Webster company now operates lighting plants, car lines, etc., in the following places: El Paso and Dallas, Tex.; Jacksonville, Fla.; Savannah, Ga.; Tacoma, Wash.; Tampa, Fla.; Terre Haute, Ind.; Fall River, Lowell, Mass.; Canton, Miss.; Sydney, New South Wales; Galveston, Texas; Minneapolis, Minn.

JONES' BODY IN AMERICA

REMAINS OF THE ADMIRAL
PASSED THE VIRGINIA
CAPES YESTERDAY.

ON THE WAY TO ANNAPOLIS.

Stately Escort of Battleships Accom-
panied the Brooklyn, Which
Bore the Hero.

IMPOSING SERVICE ARRANGED

Norfolk, Va., July 22.—The remains of Admiral John Paul Jones, recently found in Paris as the result of a search inspired and conducted under the direct charge of Gen. Horace Porter, former United States ambassador to France, passed in the Virginia capes this morning, on the United States cruiser Brooklyn, under Rear Admiral Sigsbee, the Brooklyn having as consorts across the Atlantic from France the cruisers Galveston, Tacoma and Chattanooga.

Off this coast the fleet was met by the battleship squadron of the North Atlantic fleet in two divisions, the first being under the command of Rear Admiral Evans and the second commanded by Rear Admiral Davis. The three squadrons approached the capes together, the vessels under command of Rear Admiral Evans leading and the Davis and Sigsbee squadrons closely following.

Upon the vessels reaching Cape Henry, Admiral Evans' squadron, composed of the battleship Maine, a flagship, the battleships Missouri, Kentucky and Kearsarge passed into lower Chesapeake bay at 7:10 o'clock.

Then came the Sigsbee squadron in the following order:

The flagship Brooklyn, the cruisers Galveston, Tacoma and Chattanooga. Following these were the vessels of Rear Admiral Davis' squadron which entered the lower bay in this order.

The battleships Alabama, Illinois, Massachusetts and Iowa.

The exact hour of the passing in of the Sigsbee vessels was 7:20 and the Davis squadron proceeded in immediately afterwards.

The Sigsbee and Davis squadrons proceeded immediately up Chesapeake Bay bearing the body of Admiral Jones toward Annapolis, Md., its last resting place, while the vessels of Admiral Evans' squadron said farewell to the other fleets and proceeded to Old Point Comfort, Va., en route to Lambert's Point, where the battleships will coal.

It is understood here that in Chesapeake Bay the body of Admiral Jones will be transferred from the cruiser Brooklyn and placed aboard one of the upper bay lighthouse tenders, which will bear it to Annapolis for final interment on the United States naval reservation at that place.

Vessels of the Sigsbee and Davis squadrons will continue to Annapolis to take part in the ceremonies incident to the reception of the body. The ceremonies will also be participated in by the French cruiser Jurien de La Craviere, which was detached from the French North Atlantic squadron and sent to Chesapeake Bay to represent France at the ceremonies attending the arrival and interment of Admiral Jones' body at Annapolis.

Emanuel Moss, of Owensboro, has commenced an action against the Mutual Reserve Fund Life Association, in which he seeks to recover \$1,524.84 in premiums paid by him to the association. Moss makes many sensational charges, alleging, among other things, the misappropriation of the reserve fund.

The grand jury of Milwaukee, which is investigating alleged graft, returned another batch of indictments. It was the third installment since June 20, and the indictments were 24 in number.

Columbus, Ga.; Houston, Tex.; and Porto Rico, at Ponce, and others, in all, 28 companies.

By the sale the Paducah people do not relinquish all interest in the companies, as they expect to retain about 30 per cent. of the stock and continue actively associated with the enterprises. Of course the official personnel cannot be determined until the reorganization is entered into. The amount involved in the deal is not given out, but runs high into the hundreds of thousands of dollars.

Paducah Traveling Men's News.

(Specially Reported.)

Brother Bob Benner was out of the city Tuesday on business.

President Milton Sanchez called on the trade in Tennessee last week with the 58 varieties. Brother Sanchez added one kind to his list the night of the election of officers and the boys all enjoyed it.

Don't forget to boost the carnival. Brother S. N. Hecht was out of the city during the past week calling on the trade. He reports business A. No. 1.

The brothers will please answer all questions asked by the secretary in reference to work we would like you to take hold of so we can tell where to place you during the carnival. This means you, so please don't forget.

The Great Parker Amusement company, with whom we have contracted for our carnival to be given in Paducah Sept. 25th to 30th, 1905, is drawing big crowds this week in Bloomington, Ill. The papers from that point state "Larger crowds are attending than at any previous carnival." The P. T. M. C. carnival wants to beat them all in getting the crowds so keep on boosting.

H. C. Hoover, our genial secretary, has been out of the city for the past ten days on business, and reports same flourishing.

The P. T. M. C. column is sadly neglected during Secretary Hoover's absence. Hurry home and take charge, please.

Handsome Jimmie Clements has been at home attending baseball for the past ten days or two weeks, but expects to get out soon and hustle for more cash and door orders.

Don't forget to be here the first meeting in August, as at that time we install new officers and we want all the boys present.

Marvelous Marsh, who is with the Great Parker carnival, and dives with a bicycle 70 feet into a net and pool of water, was slightly hurt while performing his daring act week before last.

"Old man" Gus Smith, the popular hat drummer, is home from a week's sojourn at Dawson very much improved in health.

That ever popular shoe salesman, Si Bryant, is home attending church with his family.

Calhoun Riecke called on the trade in West Tennessee last week. When Cal calls they have to buy or get out of his way.

Brother Cornillaud brought his smiling face to our meeting last week. We hope to see him oftener.

Where is Brother Buchanan this week? Let us hear from you.

Tom Hall, after a much needed rest has again packed his little grip and gone to work. Tom says he likes it.

Renfro, of "Ocean Wave" fame, is in for Sunday after a hard week's work. Brother Renfro states he accidentally poisoned himself while at Mayfield and had to resort to unusual methods to get cured. We won't state what the remedy was, as we are afraid the balance of the boys would all take poison in order to get to take the cure. See?

Don't forget that all dues are payable quarterly after August 1st. Please remit this amount to the secretary.

The executive committee reports carnival matters moving along nicely.

We would like for all the boys to register; P. T. M. C. carnival, Paducah, Sept. 23rd to 30th, 1905.

Send in all the news to the secretary. It will be gladly received and be placed in our news columns. Kindly help make this column a success.

John Sinnott, who sells Kentucky's best, is in the city.

Harry Hinkle and Chas. Spillman are spending Sunday with us.

The re-election of Brother Sanchez as president of this organization shows in what high esteem he is held by the members.

The railroads leading into the city and their connecting lines, and all steamboats have promised to give us liberal rates during the carnival. Besides these reduced rates, excursions will be run from many points.

The hotel at Murray, Ky., was destroyed by fire some time ago. The boys making that city would like to see a new hotel erected. Murray needs it badly.

Brother Gay Harris was out last week visiting the trade. Gay sold thirteen bills in one day. That's an unlucky number, but your house won't object.

Brother Gus Smith states that he led an exemplary life while in Dawson last week. Cadiz and Golconda papers please copy.

Will Gilbert (Butch), who sells drugs, is in the city to spend Sunday. Will says he will join the P. T. M. C.'s soon. He will make a good member.

Scribe, S. N. Hecht; aided and abetted by Ernest Lackey.

Full Carnival.

Next Tuesday afternoon at the meeting of the board of lady managers for the Home of the Friendless there will be taken up the proposition made them by the Paducah Traveling Men's Carnival Association, wherein the latter agree to give the institution one-half of the proceeds derived from the "American Village" which will displace the "German Village" this festival. Nothing but soft drinks, refreshments, lunches, etc., will be served at the American Vil-

lage, and the ladies of the home were to take up the matter at their last session, but so many were absent they postponed same until this week in order that every manager could have a voice in the matter.

The above is a likeness of President Milton Sanchez of the Paducah Traveling Men's club, who is one of the best known and most progressive knights of the grip in this section of the country where he is widely and most estimably known. He was elected to the chief office of the organization when first gotten up and served so creditably that the members named him for another term in the executive chair, one week from last night when the elections were held. He travels for the Heinz company of St. Louis and has been making this city his headquarters for the past few years.

Mutiny in Fleet.

CAUSES CANCELLATION OF SUMMER MANEUVERS OF RUSSIAN NAVY.

Conditions Which Show Odessa Is Rebellious—Many Arrests Made—More Slaughtering.

Odessa, July 22.—A report has reached here from Sebastopol to the effect that mutinous conspiracy has been discovered among the crews of the vessels of the Black Sea fleet, in consequence of which the summer maneuvers have been canceled.

Gen. Ignatieff, president of the special conference for the revision of exceptional laws designed for safeguarding public order, arrived here today for the purpose of investigating the disorders.

It is reported from Elizabetgrad that Gen. Ignatieff, after spending several days there, sent for the representative Jews and informed them that unless they kept the youths from participating in the revolutionary movement he would destroy the city. The authorities of the city continue making wholesale arrests and causing the expulsion of citizens of advanced liberal opinions. A number of professional men with their wives and families, including four editors of the Odessa Novosti, have been imprisoned and will be expelled from the city. Renewed disturbances are reported in the country districts.

At Kartamyshevka peasants who were complaining to the proprietors of their lands of the exorbitant rents were attacked by Cossacks and infantry. Three peasants were killed, eleven were wounded and 120 were arrested.

MUSTN'T SHUT OFF WATER.

Mammoth Cave Railroad Secures Injunction Against Cave Hotel.

Bowling Green, Ky., July 22.—Judge Galloway last night, at Chalybeate Springs, issued an injunction on motion of the Mammoth Cave railroad against the lessee and trustees of the Mammoth Cave Hotel restraining them from severing a water pipe that supplies the engines of the railroad. For the last twenty years both the cave and railroad companies have used water from a spring about two miles from the cave and get it through the same pipe. Recently Dr. W. W. Ranshaw, lessee of the hotel, served notice on the railroad company that the water supply would be cut off on and after July 25. Suit was brought in the Edmonson circuit court yesterday to prevent it, and Judge Galloway issued the restraining order last night. A motion to make the injunction perpetual will be heard here before him next Saturday. It is charged that the proposal to shut off the water company's supply is in retaliation for the company's discontinuing a train it has been running every Sunday from Glasgow Junction to the cave.

Dr. J. T. GILBERT

OSTEOPATHIC PHYSICIAN

Phone 196, 400 1/2 Broadway, PADUCAH, KY.

Dry Hot Air Baths given when indicated.

Not Yet

EXPERTS HAVE NOT YET SAID WHAT THEY WOULD TEST LIQUOR FOR.

Mayor and Chief of Police Want the Beverage Analyzed So as To Set Question at Rest.

It is probable that when there is called in the police court tomorrow morning the case charging Will Diggs and Will Kirk, colored, with selling beer upon the street cars two weeks ago, that the proceeding will have to undergo another continuance, on account of Mayor Yeiser and Chief James Collins not yet having had the beverage analyzed to see whether it was intoxicating or not. The last continuance was made in order to give them a chance to do this, but they have not yet heard from the experts as to what it will cost them.

Diggs and Kirk are accused of selling intoxicating drinks aboard the two cars used by the 75 colored people when they had their disorderly trolley ride two weeks ago over the street railway company's system. The accused set up the claim that the beverages they dispensed were not intoxicating, and to see whether they are the postponement was made of their case in order to have the stuff analyzed. Mayor Yeiser got Druggist Richard Walker to write to St. Louis, Nashville and Louisville experts asking them what they would analyze the liquid for, and all of them have replied that they would immediately let the authorities know what price they would charge. Up until yesterday Dr. Walker had not received any word as to the probable cost, therefore the case will have to go over again as it is scheduled for tomorrow, and the work could not be done before then, even if the experts had already said what they would test the beverage for.

The mayor said yesterday that he did not want to send the bottle of the liquid away until he knew just exactly what it would cost him. He and Chief Collins both are strongly in favor of having the beverage analyzed so as to settle once and for all whether the "pale ale" mixtures are really intoxicating or not, because the latter plea is often set up in the courts in fighting cases of this character.

The last ride of the colored people seems to have been the final trolley jaunt they will ever have, as they were not of the kind capable of appreciating the privileges accorded them, without making themselves disagreeable to the extent that the police had to quell the riotous conduct aboard.

Move Patients

TOMORROW SICK PERSONS TO BE MOVED FROM OLD TO NEW HOSPITAL.

Mr. Remus Boyd Has Honor of Being The First Patient Cared For in New Hospital.

Tomorrow City Physician W. Johnston Bass will have moved from the old city hospital the six patients remaining there, and transfer them to the Riverside Hospital at Fourth and Clay streets. There are five white patients at the old building, and one colored one, but the latter will be sent to the county poor farm as he is afflicted with an incurable disease which the physician has battled with, but is unable to thwart in its progress. The old building will be closed just as soon as there moves out of same Mrs. Birchett, who has been the matron for the hospital until the new institution was started.

Mr. Remus Boyd, of the Jake Biederman establishment, has the honor of being the first patient cared for at the new institution on North Fourth street, as he was taken there yesterday morning by his physician, Dr. Phil Stewart, and placed in the nicely furnished room that this physician himself equipped and turned over to the municipality. Mr. Boyd is a "pay" patient who goes there and pays for the treatment accorded him. He will also have the honor of being the first person operated on in the building, as today Dr. Stewart will place him on the operating table on account of hernia with which he suffers. He resides on the crossroad connecting the highway at the ball park entrance in Arcadia, with the park going out by the cemetery.

FIENDISH WORK OF BOMB THROWERS

They Killed One Chief of Police and Wounded Another.

Helsingfors, Finland, July 22.—Col. Kremarenko, chief of police, was shot yesterday by a man named Drocope, and died of his wounds a short time later. Drocope was arrested and has been identified as an accomplice of the man who recently attempted to assassinate former Gov. Missojedoff.

Byelostok, Russia, July 22.—A bomb was thrown in the center of the town yesterday, killing several persons and severely wounding a number of others, including the chief of police and his son.

Sunday Mornin, July 23, 1905.

Life insurance companies are apt to be injured by the state legislatures trying to so handle them that the people of the respective states may be protected in all paid for rights. Because of the late developments as to the mismanagement of the Equitable Life Assurance society the state general assembly of New York, by request of the governor of that commonwealth, is preparing to reconstruct the laws of the state governing insurance companies, and what the end may be time alone will tell. The companies may be so handicapped that their responsibility if not their life will be jeopardized. Wisconsin lately passed a law abolishing the deferred dividend system in life insurance so far as her citizens are concerned and this so complicates the life insurance business in that state that many companies must cease to do business therein. Arkansas lately passed a drastic law, which its highest court has sustained, forbidding any company which has any company or agreement as to prices with any other company from doing business in that state. This means that all companies must quit that state and only local companies will be able to do any business therein, and these may prove too weak at the start to give the people the protection that they should have. Under the law it is doubtful if a citizen should leave the state for such protection that it would be good should he die a citizen of the state and the company refuse to pay the loss. Suggestions of control are being discussed in our own state and the next legislature will without doubt make some changes in the laws concerning the insurance business. That congress, too, will take some such action when it again meets has been about settled. The president has said that the people need more protection from the insurance companies and that federal control is timely, and he will without doubt so advise the national assembly when it meets. Out of all this handling some good is certain to come but so is much evil. The demand of the hour is certainly for laws which will properly govern the companies and protect the people, but these laws should not be so stringent or drastic as to handicap if not ruin the business in question. If a national law which will supervise really and effectually the insurance business could be enacted by congress and be accepted by the states perhaps all the evils feared not without reason might be gotten rid of and what is a profitable and beneficial business continued with mutual good to the managers and the patrons of such companies. Though

there are evils in connection with life insurance companies there are also blessings and what the people should have and the companies should want is a happy medium which each alike could stand. Thought upon this question is therefore as timely as new laws, it is clear.

A Chicago professor (those Chicago professors would rather be sensational than correct) is trying to tell the public that it is possible for man to live as long as he wishes. He says in support of his idea, that to live always it is only necessary to discover what the different tissues of the body need for food and give each tissue the exact amount that is wanted. Accepting the idea as reasonable and not ridiculous, just for the sake of argument, it must be said, in contravention, that this professor reckons upon the idea that there is nothing to life but what is physical, i. e., eating, drinking and sleeping. He would ignore that the spirit has much to do with prolonging man's life—making one happy through contentment, good in acts, pure in purposes and correct in habits. Feeding the inner man may bring a part of these favors in a way, but the feeding of the soul is even as much a necessity if one's life would be prolonged. There are men and women young at 90 and others old at 50. The physical health may be no better in the one class than in the other. But the difference lies in the mental and temperamental make-up. The man young at 90 has viewed the world sanely, has fitted himself into his environment, has had worthy purposes and carried them out without unnecessary friction. It is as well therefore to feed the spirit as the stomach.

Admiral Rojestvensky has told his government why he was defeated in the Sea of Japan battle. He in brief attributes his loss to poorly built and accoutred ships, to inferior ammunition and shells, and last but not least to poorly instructed and cowardly sailors, who were often so unready that several mutinies had to be put down during the long trip of the squadrons. And yet Russia would try to bluff Japan, with her record of bravery and soldiery on the Seas and the land. Rojestvensky's report was timely as a warning which Russia should not fail to take while yet a government in name if not in fact.

If there were not so many figure-head bank examiners there would be fewer bank failures. What the country seems to need is bank examiners who must be sighted as to a bank's condition and not merely told here are the book for your examination and here are our notes, bills, etc. Books and bills never tell the story right. The actual cash or verified bills should be what the bank examiners should demand and have. Many a bank has and others can easily break with bushels of "bills," just as easily as can a crediting business house.

Mr. Hyde who was of the Equitable Life Assurance society and Mr. Hyde who was of the Washington agricultural department are not twins, but they are two of a kind in the way they held the people up. It is fortunate for the country that the Hydes are not as numerous as are the Smiths. If the Smiths understood the hold-up business as well as the Hydes in question the country wouldn't be safe even if it was fenced in and nailed down too.

Senator Depew, who does not like to be roasted because of his connection with the Equitable Life Assurance society mess, is coming home from Europe clearly to get closer to the oven. Whether far or near he will find it much hotter than comfortable the deeper the Equitable mess is dug into.

It is real amusing to note how the machine papers of Louisville are fighting the election of the coalition or independent ticket, which they steadily and persistently say has no chance of success. A ticket which cannot be elected is not worthy of so much opposition, it would strike the uninitiated.

A Boston dentist with many new ideas says that talking is good for one's teeth. And yet there are as many women with false teeth as there are men.

The State Press Association is to meet Tuesday and Wednesday at Crab Orchard Springs. It is to be strictly a business session and will no

doubt be profitable to all present. The Register sends the "gang" its best wishes for a most pleasant time.

No man who has ever entered the cabinet of any president has gone into service with more or stronger words of praise than has Mr. Root. The new premier has much upon his shoulders to do if he will not disappoint his admirers in both parties.

It may be August the 10th before the peace conference is held in Washington to adjust the war differences between Russia and Japan. It is understood that President Roosevelt is urging the body to lose no time in getting down to work.

Think how little it is costing you for coal, said an optimist to a pessimistic friend who was complaining of the hot wave. But what about the cost of ice? was the reply. Coal would be cheaper.

An Urgent Call on W. P. Hummel.
Dear Sir: Now is the time when the people should be looking for suitable material to serve them in their legislative department in the city of Paducah. We need broad minded, yet conservative men, men who are honest and capable; men who can devise legislation for the interest and welfare of the city of Paducah; men who have no axes to grind, friends to reward nor enemies to punish are badly needed. We want you because you are familiar with the resources of the city and will watch and guard the disbursement of the same. We believe you will be for home people for all positions under the city government and will oppose placing honor and position upon those not entitled to the same. We believe you will be for a general reduction in the expenses of the city and will make a valued representative for the Fifth ward.

MANY FRIENDS.

Call on Hon. Lucien Durrett.

Dear Sir: Again it is our pleasure to ask you to stand for an endorsement as a member of the board of aldermen. Being a life long citizen and interested in the city's prosperity and welfare, we feel at this time we need your services as you are familiar with the affairs of the city and have taken great pride in such legislation as will be of great benefit to the prosperity of our beautiful town. We need just such men as you—broad-minded, broad-gauged, up to date and metropolitan—who will do justice to all avocations in life and recognize neither man nor business that has not merit and qualification. Your friends desire your services one more term.

MANY FRIENDS.

Call on Capt. W. C. Krause.

Dear Sir: Having watched your record while serving the city and finding you at all times at your post of duty and outspoken upon all questions for the interest and welfare of the city, we feel in justice to you and the citizens at large, that you should stand for an endorsement as a member of the board of aldermen. You have rendered valuable services and we desire to compliment you with our votes.

MANY CITIZENS.

Call on Col. H. M. Orme.

H. M. Orme: Again your many friends desire your valued service in the board of aldermen. You have served us long and so well the memory of man runneth not to the contrary. A board of aldermen without you would be like a ship at sea without a rudder. Being a man of few words but so many other fine qualities we want to compliment the city of Paducah by electing you one more term. An early and favorable reply is anxiously awaited by your

MANY FRIENDS.

Mr. George Shelton.

Among the many institutions of our city that appeal to the pride and patriotism of every good man perhaps the greatest is our public schools. Come weal, come woe, every father and mother feels the deepest interest therein and have an abiding faith in their mission. As a re-

We have cut the price lower on Corset Covers than any other garment, and a good many of them are marked less than half. Corset Covers that sold at 75c at 25c, and 29c;

\$1.95 skirts at 75c; \$1.25 skirts at 85c. \$1.19 Corset Covers at 50c; 89c Corset Covers at 35c; 75c Corset Covers at 38c; \$1.50 Corset Covers at 77c; 85c Corset Covers at 35c; \$1.25 Corset Covers at 75c; 97c Corset Covers at 50c.

In this sale there are a few boys' robes that are worth 45c and 50c at 25c.

BIG SHOWING IN LADIES' UMBRELLAS!

In Ladies Umbrellas 99c

Ladies Col Umbrellas \$1.48

Ladies Blk Umbrellas \$1.48

Had to buy about a thousand in order to sell them at this price. They were divided between this store and two others at different points, are made of the best known cloth at the price, being a taffeta Umbrella with very attractive and showy handles. This is a special offering and you should give it your immediate consideration.

Just to start the people to talking we are offering a colored silk umbrella that is worth every cent of \$2.25, at the very low price of \$1.48. It has the fineness of finish that constitutes a high grade umbrella, having all the best colors, with fancy borders. Comes in brown, blue, green, red, black, with fancy white border.

Ladies' fine silk and linen Umbrellas in black only, that we can safely say compares with any \$2.00 umbrella ever offered by anyone. They have the pretty and catchy handles that show up with ten and twelve dollar values. Don't forget you buy them at the very low price of \$1.48.

Purcell & Thompson.

presentative man in your ward, your friends and the schools' friends call upon you to allow the use of your name for school trustee from the Fifth ward.

YOUR FRIENDS.

J. R. Renfro.

Mr. J. R. Renfro: Representative men from each section of our city are needed at all times in the public service. You have a record of service which reflects credit upon yourself and meets with the highest favor among your friends and the patrons of our public schools. We look to you again to come to the aid of the public spirited men of our party and request your consent to make the race for school trustee from the Sixth ward before the primary which will be held on the 21st of August.

Just As Easy

DR. PADUCAH TO DEFEAT VINCENNES AS IT WAS CAIRO.

In Eleven Inning Game Proves a Jonah Again for the Cairo Tadpoles.

How They Stand.

| | W. | L. | Pct. |
|-----------|----|----|------|
| Paducah | 56 | 23 | .708 |
| Vincennes | 46 | 34 | .575 |
| Princeton | 39 | 42 | .481 |
| Cairo | 34 | 45 | .430 |

Yesterday's Results.

Paducah 5, Vincennes 1.
Princeton 3, Cairo 2.

Today's Schedule.

Paducah at Vincennes.
Cairo at Princeton.

Paducah Easily Bested Vincennes.

Vincennes, Ind., July 22.—Though Vincennes got the largest number of hits in today's game it proved easy for the Paducahs to beat the home team. It was the fielding of the visitors which played the mischief for the locals. The score resulted:

| | r | h | e |
|-----------|---|---|---|
| Paducah | 5 | 7 | 2 |
| Vincennes | 1 | 7 | 3 |

Cairo Lost to Princeton.

Princeton, Ind., July 22.—In a fairly contested game of eleven innings the locals defeated the Cairo team today. The victory was a mere scratch. The score:

| | r | h | e |
|-----------|---|---|---|
| Cairo | 2 | 6 | 3 |
| Princeton | 3 | 6 | 2 |

Scoring Some.

The Belvideres and Lone Oaks played a match game of ball yesterday at Wallace park, the former winning by a score of 31 to 20. Harper and Dixon were the battery for the Belvideres, while Brown, Bagby and Endress played these parts for the others.

1905's Play Brook Hill.

The 1905 baseball club will play the Brook Hill's this morning at the I. C. grounds. Pieper and Garrett will be the battery for the former, and Gilbert and Jones for the Brook Hill.

Go to Benton.

The L. A. L. team will go to Benton this afternoon to play the team of that place. Block and Block will be the L. A. L. battery.

At Railroad Grounds.

This morning at the I. C. grounds the F. W. Cooks will cross bats with the Alden Knitting Mill team.

BASEBALL NOTES.

Wouldn't the plan to start a new championship series, giving the title to Paducah up till the time when the two teams were dropped, be a good one?—Cairo Bulletin.

Paducah has taken eight or nine straight games from the Tadpoles. It appears that Cairo actually gets scared when Paducah hoves in sight.—Princeton Democrat. They are all scared of these Indians, not Indians.

A meeting will be held Monday at the call of Secretary Greaney, at which will be present representatives of all cities in the league. The chances are that some serious things, closely connected with the life of the league, will come up for consideration.

GREEN GRAY

"The Old Reliable Barber," the "King of Razors," has moved from 108 Broadway to 100 South Fourth street (red front) and wishes to welcome all his old friends and customers.

tion.—Cairo Bulletin.

Is Cairo going to quit?

Wilder, Wagner, Larsen and Price were yesterday permanently disqualified and word to that effect was forwarded to Secretary Farrell at Urbana, N. Y. It was understood that this step was taken sometime ago but the management decided to give them still another chance, and the word to Mr. Farrell was withheld. It seems that they were but little inclined to make the best of it and the move had finally to be made.—Cairo Bulletin.

The Infants must take on a little ginger and win some games. By all odds the Infants have the best lineup in the league, taking the hitting abilities of the clubs into consideration. By working together harmoniously no club could down them.—Princeton Democrat. Come on you, and admit that Paducah is decidedly the best club in the league. Every paper in the league but the Democrat has acknowledged Paducah's superiority.

Two or three of the Kitten's lives have already this season been ruthlessly destroyed. It seems that Paducah is bent on putting to the quietus to the remainder of them. She will succeed at the called meeting, which is to be held Monday, unless she quits trifling with players belonging to other clubs.—Cairo Bulletin. Quit bluffing. Paducah has as much right to dicker with released players as Cairo. With Cairo its "you quit playing in my yard." If you want to get out, get out. You are beaten and that tells the story.

A letter was received in this office a day or two ago from Mr. Joe Wilson, business agent for the Buffalo, N. Y., team in the Eastern league, asking about Hippert, former third baseman for Cairo and at present playing that position at Vincennes. The letter stated that the writer would be in this city in a few days looking for players for his team and that he had frequently heard of Hippert and wanted to know his worth at the game.—Cairo Bulletin. Farnbaker must be behind the deal.

There is some probability that the disbanded Henderson players, at least a majority of them, will not be seen in Kitty clubs the remainder of the season. Charley French, who went to Vincennes to play second for the Sisters, refused to sign a reserve clause contract, though offered \$100 a month, and went back to Evansville, where he will try to get on the team in the Central. Outfielder Long, who was drawn by Princeton after the disbandment of the Hens, has refused to sign an Evansville contract and will go to Minneapolis and join the American association. Uhl, Stuart and Dennis have left Henderson, the former to go to Indianapolis and Dennis to Anderson, where they will play with independent teams. Morgan, who accepted a Vincennes offer, decided at the last moment not to take it, but will return to his home in Nashville. Gilbert, who was said to have signed with Princeton, has not yet decided to cast his lot with the Infants. He is in Henderson and will wait there to see if he can get on with Evansville. It is said he has other offers.—Princeton Democrat.

Not being content with kicking Hopkinsville out of the league and gambling for the players, Secretary Greaney yesterday gave another exhibition of the unspeakable gall and nerve of the "officials" of the league. This was a message to Bomar and "Foxy" Morris, stating that if they did not report at once to Cairo they would have to suffer the consequences as National Secretary Farrell had been notified of the disposition which had been made of the men.

In this Secretary Greaney, or it should be said Secretary Farnbaker, overshot his mark, for they have nothing whatever to do with the players of the local team. Everyone of the men was handed his full and unconditional release Wednesday night by the management of the local team and all are perfectly free to sign anywhere they want to, notwithstanding the threatening telegram referred to. The league has no say as to where the players shall go unless appealed

to by the club which has them under contract.

There was nothing of this kind done by Hopkinsville and the management and players parted with the most friendly feelings and with expressions of regret at the untimely ending of their association. Bomar and Morris very forcibly expressed their sentiments yesterday in regard to the message and, while they may yet be wearing the Cairo uniform, threats of this kind will have no effect upon them for they are as well posted on baseball regulations as perhaps is Secretary Greaney, and they know that the league has no claim on them.

The truth of the business is that Bomar had been dicker with Paducah, in open defiance of the decision of the dice at Henderson, and Cairo must have gotten on to this and thought they would scare the pitcher into signing a Cairo contract without further trouble and expense. In this way they were very much mistaken.—Hopkinsville New Era. Comments are not needed.

Numerous Arrests

WOOD JONES CHARGED WITH FIGHTING GEORGE GROSSHART.

Lieutenant Harlan Went to Memphis Yesterday—Burglaries Galore Around Town.

Wood Jones was arrested last evening by Officers Johnson and Rogers on the charge of breach of the peace. It is claimed that he and Geo. Grosshart had a fight. The latter has not yet been arrested.

Lieutenant Away.

Yesterday morning Lieutenant Frank Harlan left for Memphis, Tenn., having accompanied that far his daughter who was returning to her home after a visit here. He returns this morning. Last night Detective William Baker was in charge of the office during the other's absence.

Further Contradiction.

Yesterday L. M. Howard, who had Robert Lee Hawkins arrested, stated that never under any circumstances did Officer J. W. Clark attempt to keep him from testifying in the case, or getting proof against Hawkins.

Many Alleged Drunks.

George Dozier, colored, was arrested last night by Officers Johnson and Rogers on the charge of being drunk. Officers Cross and Terrell pulled Ada Chapman, Sarah Hodge and James Jones on a similar charge.

Concealed Razor.

Snake Wade, colored, was found with a razor concealed on his person last night and locked up by Officers Gourieux and Potter.

Disorderly Conduct.

Life Suggs was locked up by Officers Drennan and Clark on a disorderly conduct charge.

More Burglaries.

Mrs. Lula White, of 1120 South Tenth street, reported to the police yesterday that while she was away from home the night before burglars entered and stole \$20.

At a Broad street home thieves got \$4 and a pair of pantaloons.

Missouri democrats will make the home of Interstate Commerce Commissioner Cockrell, at Pertle Springs, the scene of a great tribute to Missouri's former senator next October.

The effect of all our wonderful enterprise and invention is to make it vastly easier for a man to earn his living, and by that token vastly less necessary for him ever to hurry.

It is something to live in an age when one may travel between New York City and Chicago in eighteen hours or less.

Jerry Simpson, the former Kansas congressman who acquired a national reputation as "Socksless Jerry," is seriously ill at his home in Rosewell, Mo.

No Injury to Trade

DUN REPORTS GOOD CONDITIONS DESPITE THE INTENSE HEAT.

Reports From All Over the Country Indicate a General Activity in Trade.

New York, July 22.—Dispatches to Dun's Review indicate that trade conditions are unusually satisfactory for this season of the year, particularly in view of the abnormally high temperature that has prevailed in many cities. Textile manufacturing at Philadelphia is active, except carpet factories, and building operations maintain activity in materials. At Pittsburgh general merchandise is seasonably quiet. Wholesale trade at Baltimore shows normal activity.

Rain has retarded retail trade in hardware in Louisville, but clothing sales are large and cancellations few. Dry goods trade at Nashville equals last year's, collections are prompt. Atlanta reports unusual activity in hats and caps, but collections are less prompt. Current business at St. Joseph is fair and collections good. Advance orders at Kansas City are large. Extremely hot weather has not interfered with the wholesale trade at St. Louis. Business in all line at New Orleans is seasonable. Trade at Dallas improves.

Retail trade in summer merchandise is brisk at Cincinnati, building materials are in demand and forward business in wearing apparel is extensive. Seasonable merchandise moves freely at Cleveland. Lightweight wearing apparel is stimulated at Chicago by the hot weather, but production is curtailed. Visiting buyers are placing large orders for fall and winter. Warm weather has increased the sales of seasonal goods at Minneapolis. Overlooked conditions at St. Paul are well maintained.

Bank exchanges this week at all leading cities in the United States are \$2,256,210,410, a gain of 12.1 per cent. over last year and 13.2 per cent. over the corresponding week of 1903.

China And Japan

ALLIANCE A QUESTION OF TIME, SAYS A DIPLOMAT.

Development of the East for Eastern People Will Be the Keynote, He Adds.

Washington, July 22.—Far Eastern affairs reaching Washington tell of the effect upon the Chinese of the victories gained by Japan over Russia. Not only has the government been affected, but the people have come to regard Japan in a new light, and the diplomatic corps at Peking already has begun to discuss the probability of an alliance between China and Japan.

On this point, a high official, a diplomat thoroughly cognizant of the situation at Peking, and in touch with official and popular feeling in China, says:

"It will not come today or tomorrow, this alliance with Japan, but it is only a question of time when China and Japan will enter into a strong alliance, the keynote of which shall be the development of the far East under the administration of far Eastern people. China would be the loser by such a union at this time, because she has not enough to offer Japan to insure an alliance of mutual benefit."

"You do not think that Russia and Japan, after the treaty of Washington is signed will become allies?" was asked.

"I do not believe the Japanese will accept any such offer," the diplomat replied. "With China rehabilitated, her legal system reformed, modern ideas introduced, and the country developed along the lines of Japan, I believe Tokio will welcome, in fact, seek from China some sort of an alliance, but, as I said at the outset, this will not come in a day or in a year. China is not ready for it yet."

Premier Balfour has decided to remain in office until the end of the session, and to dissolve parliament in October.

Foxy Belle

HER CONFINEMENT IN SMITHLAND JAIL WAS NOT LONG.

"Peached" on Murderers Who Tried To Escape, and Shortly Afterwards Ran Away Herself.

Belle Watson seems to be as foxy as shrewd females are prone to be, as at Smithland one day she acquainted Jailer Threlkeld with the attempt of the trio of murderers to escape from prison, and then two days thereafter she took French leave herself, and is now at liberty. She effected her escape yesterday and word from there last night was that she had not yet been intercepted and brought back.

She is the girl who skipped out of Livingston county in escaping from the authorities who claimed that she was implicated with two brothers, who one night set fire to a residence and burned same. She came here and went to work, her last place of employment being at the home of Dairymen Claude Russell, who lives two miles out from the city upon the Cairo pike. Two Sundays ago she left that home and after departing a revolver and some money were found to be missing. The detectives were notified and found her driving about town in a buggy. She was locked up, the pistol found on her person, and she given a fine and jail sentence for carrying concealed weapons. She had served only a few days when the Livingston county officers came here and got the local authorities to turn her over to them to answer the "old arson complicity charge." She was taken back and placed in the county jail at Smithland. The first of last week Cowan Wells and the negro confined there for alleged murder, got hold of some gravel picks and were sawing away the bars of the prison with the purpose of escaping, when the Watson girl "peached" on them and informed the jailer who frustrated the plan by confiscating the picks. This act on the part of the girl won the good graces of the jailer, who made her a sort of "trustee" and let her do housework around his home, rather than be consigned to confinement in a cell. Yesterday the jailer was in one part of the building while his son left the door open to go over home, a few feet away for a second or two. When the jailer came to the front of the prison he found the female missing, she having taken advantage of the propitious occasion to make her escape. She was traced out behind the cemetery and on into the woods, where the trail was lost, but the search is being continued. It is claimed that before she left she stole some clothing belonging to a male prisoner. It is believed her object is to do same and in this manner assist in her escape from the country, as once before she put on men's clothes to skip out.

She is about twenty years of age, a fairly good looking girl, and a very smooth talker.

MAKE THE RUN.

The Automobilists Believe Roads Will Not Be Too Muddy.

As it had not rained any up to early this morning the members of the Automobile club will make their trip to Murray, Mayfield and Benton, leaving here at 6 o'clock and getting back this evening about that time. Those going will gather this morning at 5:30 o'clock at the Foreman Brothers' establishment on lower Broadway. There will be eleven machines already outlined and the thirty-four people.

M. T. Hancock, a millionaire plow manufacturer, and inventor of Los Angeles, CAL., was killed in an automobile accident there.

Court Of Justice

SQUIRE YOUNG CONVENES MAGISTERIAL COURT TOMORROW.

Judge Lightfoot Returned Yesterday From Lexington, Where He Carried Charles Glenn.

Tomorrow morning Justice Jesse Young convenes his magisterial court at his office on Legal Row.

Deeds Recorded.

Property lying on the Paducah and Lovelaceville road in the county has been sold by B. Sanderson to J. B. Carrigan for \$100, and the deed filed for record yesterday with the county clerk.

J. L. McGuire transferred to Mary E. Andrecht for \$1,780, property on Girard between Madison and Jefferson streets, and also a piece of the south side of Madison near Eleventh street.

Adrina Grief deeded to the city of Paducah enough of his ground for Fifteenth street to be opened through same from Broadway to Kentucky avenue.

Licensed to Wed.

Oscar Collins, aged 25, and Lizzie Elfring, aged 24, of this city, were licensed to marry by the clerk, who also issued a license to Juness Blewett, aged 21, of this city, and Arvela Potts, aged 18, of Lone Oak.

Judge Returned.

Judge Lightfoot yesterday returned from Lexington, Ky., where he carried little Charles Glenn and placed him in the reform school for stealing the diamond ring from the home of Charles Denker at Ninth and Clark streets.

Work On Canal

GOVERNMENT WILL TRY TO GET SIX THOUSAND LABORERS.

Chinese, Japanese and Italians Will Be Given Employment on The Isthmus.

Washington, July 22.—The first attempt to secure laborers in large numbers for work in connection with the construction of the Panama canal will be made today, when bids will be asked by W. Leon Pepperman, acting chief of office of the Panama canal commission, for 2,000 each of Chinese, Japanese and Italian laborers.

Those who compete for furnishing these laborers will be required to submit bids first as to the amount per day for which the laborers of a certain nationality will work, and also bids stating the amount the government will be required to pay to get the laborers on the Isthmus of Panama. In this latter item will be included, particularly in the case of Chinese, the amount of money to be advanced to the family of the Chinaman for maintenance until the wage earner can remit for this purpose from his earnings; the amount of the transportation and necessary incidental funds to defray the expenses of the journey.

Information in the possession of the commission in an informal manner indicates that the price asked for the laborers will vary from 75 cents to \$1.50 a day.

The bids will be opened August 15, and bidders will be given detailed information regarding the form in which they are to be made.

Peter Hansen, aged eighty years, well known as a Danish poet, died suddenly at Cedar Falls, Iowa.

Five thousand harvest hands are needed in South Dakota.

Quit The Board

MR. LOUIS HENNEBERGER RESIGNED TRAVELING PLACE TO GO WEST.

Dun's Mercantile Agency Has Taken Rooms at Fraternity Building —Notes of Commerce.

Mr. Louis Henneberger, of Mt. Vernon, Ill., was here yesterday afternoon for a several hours' visit to his sisters, Mrs. Lou Herring and Miss Lena Henneberger, of South Third street. He left last evening for his home, where he will be joined by his wife, -they to then go to Colorado Springs, Col., to spend the summer.

Mr. Henneberger has been traveling for the mammoth Simmons Hardware company, of St. Louis, for a long term of years, but has just given up his position recently, and after spending the summer out West will determine his future. He may enter business for himself and then may take one of the several important positions offered him. He is one of the best hardware men in the country, having spent his entire life in the business.

Dun's Agency Moves.

Manager H. E. Felshaw, of the local agency for R. G. Dun, yesterday morning closed a contract with the Fraternity Building company where-in he secures possession of the suite of offices formerly occupied by the People's Home Purchasing company. They are three in number and they occupy the left rear portion of the building on the ground floor. At present the mercantile agency is upon the third floor over the American-German National bank, but they give up those offices the first of next month and move into the Fraternity building.

Theatrical Business.

Manager Thomas Roberts, of The Kentucky, continues booking excellent attractions for next winter at the popular playhouse, and is procuring some of the best in the land. He stated yesterday that to date he had arranged with 75 companies to appear here, while others are being signed with as rapidly as possible.

Big Contract.

The Rubber Handle company yesterday closed a contract with President Atha, of the Atha Tool Works of Newark, New Jersey, wherein the Paducah concern furnishes the Eastern company with 48,000 of the character of handles turned out here. They are those made with that rubber kind of grip that absorbs the perspiration of the laborer's hand while working with the handle. The Atha company manufactures all kinds of tools and will use the new make of handles for same.

Waiting on Architect.

It is not probable that the Elks' Building company will hold a meeting tomorrow evening because they are waiting for Architect Schmidt to get the plans done for their new home before calling the board together for the purpose of asking bids from contractors designating what they will erect the structure for. Monday night is the time for the usual meeting.

NORDAU PLEADS ILL-HEALTH.

Cannot Become a Leader of the Zionist Movement.

London, July 22.—Dr. Max Nordau, according to the Jewish World, has definitely declined to be one of the three leaders of the Zionist movement, who, it was proposed, should succeed the late Dr. Theodore Herzl, the founder of the movement, who died about a year ago. Dr. Nordau gives ill-health as the reason for his declination.

NEW HARDWARE HOUSE

We have just opened an up-to-date and well stocked hardware department for our establishment, and are carrying a mammoth stock recognized as one of the finest in the state. It includes

Stoves, Base Burners, Cutlery, Tinware, Woodenware, Granite-ware, Carpenter and Brick-mason Tools, Wire Nails, Builders' Hardware, and in fact a line of goods equal to that carried by the leading houses of the country.

Being buyers in large quantities, and on a basis with lead-in-houses, we are in position to give the best for the least money.

Dont buy before calling and seeing our varied stock.

Call early and get the best selections.

GEO. ROCK.

321 Broadway,

Paducah, Ky.

Jailer Charges

CASE AGAINST CITY JAILER EVITTS WILL COME UP TOMORROW.

Alderman Bell Still Absent and Detective Has Been Unable to Get Service on Him.

Tomorrow night is the date set for trial by the aldermen of the charge against City Jailer Thomas Evitts, who is accused of maliciously assaulting Patrolman Samuel Beadles, and probabilities are that the board will go ahead and hear the case without Alderman E. E. Bell being an attendant. It was on account of his absence from town that the continuance was last week given until tomorrow evening and information from his residence yesterday was that he was still at Canton, Ky., upon the Cumberland river, on business, and would not return until the last of this

week, therefore will not be present for the proceeding. The balance of the board wanted every member in his chair during the trial, but now the probabilities are they will not wait for Mr. Bell to return.

On the continuance being given last week, it was ordered that subpoenas be issued for all the aldermen and served upon them, compelling their attendance, else they undergo a fine. These documents were issued and signed by City Clerk Henry Bailley, who turned same over to Detective T. J. Moore. The latter served the papers on seven of the aldermen as they were leaving the general assembly chamber Thursday night after their regular session. Mr. Bell was absent that time also, and the detective has not yet been able to get service on him.

The authorities do not want any more delay in the matter, so that the case will be worn threadbare, therefore the prosecution will Monday night insist that things proceed without Bell. Both sides are ready for

trial and several hours will be taken considering the case, which is being hard fought from both sides.

Dines Great Host

JOHN H. PATTERSON, OF DAY-
TON, O., ENTERTAINS EM-
PLOYEES AND FRIENDS.

"Little Garden Party" at Which Ten
Thousand Guests Were Invited
—Kingly Host.

Dayton, O., July 22.—With five
tons of chicken, a ton of halibut,
twenty thousand sandwiches, eleven
thousand rolls, twenty barrels of lem-
onade, twenty thousand cigars and
other provisions in like proportion,
with electrical illuminations and three
bands of music, John H. Patterson
entertained ten thousand residents of
Dayton tonight at a garden party and
dinner at Far Hills, his summer
home.

As an appreciation of the public re-
ception given him on July 3 on his
return from a tour around the world,
Mr. Patterson planned and carried
out this enormous entertainment on a
scale never before attempted in this
part of the country. All the prepara-
tions were made in four days—a feat
unparalleled except in a military or-
ganization.

The guests at the "little garden party,"
as Mr. Patterson called it, included
the mayor and other city officials,
the members of the board of educa-
tion and city council, the members
of the Commercial club and two thou-
sand other leading citizens of Day-
ton, together with four thousand em-
ployees of Mr. Patterson's factory and
their wives.

Event Is Without Precedent.

Such an entertainment of factory
employees by the head of a great in-
dustrial establishment was something
unprecedented. Other manufacturers
have at times entertained their work-
ers at picnic parks and on excursions.
It is not of record, however, that any
other prominent "captain of industry"
ever invited all his employees and their
wives to his home for such an even-
ing's pleasure.

Mr. Patterson decided to give this
huge entertainment last Monday and
at once sent out ten thousand invita-
tions. It was another example of Mr.
Patterson's maxim that "there is no
such word as impossible."

Far Hills, the home of the host, is
one of the most beautiful country
places in America. So often has it
been opened to the public that it is
almost regarded as a city park. The
grounds were elaborately illuminated
with Japanese lanterns and electric
lights, five thousand incandescent
bulbs being used. Artificial flowers
containing electric lamps were scat-
tered through the bushes and shrub-
bery.

Mr. Patterson's guests began to ar-
rive at 4 o'clock, and almost all of
them were met personally by the host
after which they sought out the beau-
tiful, shady nooks and listened to the
elaborate musical programs rendered
by the bands.

A huge circle of tables 250 feet in
diameter had been arranged. On the
inside of this circle 200 waiters served
the food to the guests, 2,500 being ac-
commodated at one time.

Provisions for Feeding Army.

In order to provide this great din-
ner it was necessary to secure the fol-
lowing enormous quantities of food
and other supplies: 2,000 pounds hal-
ibut, 10,000 pounds chicken, 500
pounds ham, 400 pounds beef, 150
pounds tongue, 5 barrels lettuce, 5
barrels water cress, 400 bunches cel-
ery, 12 cases eggs, 100 cans gumbo,
80 gallons olive oil, 5 pounds mixed
spices, 25 gallons white wine vinegar,
500 cans jardiniere, 250 pounds of
coffee, 120 pounds of cut loaf sugar,
49 gallons cream, 60 gallons milk, 200
pounds butter, 20 barrels of reception
flakes, 900 small loaves bread, 11,000
small individual rolls, 1,200 pounds
of mixed candies, 33,000 cakes, 20,000
cigars, 22 cases lemons, 1,100 pounds
sugar, 650 gallons ice cream, 20,000
paper napkins, 10,000 3-inch plates,
18,000 4-inch plates, 18,000 spoons,
18,000 cups, 10,000 forks, 5,000 glasses,
100 large handle spoons, 20 barrels
of lemonade, 50 barrels, 447 gallons each
200 1-gallon pitchers, 50 large bowls
for salad.

Host Tells of World Tour.

After the supper President Pat-
terson gave an illustrated talk on his
year's tour around the world. Two
stereoscopes and over 500 colored
slides were used to illustrate the
story of his travels. His audience
was seated on 6,000 chairs and 3,000
circus seats secured for the occasion.

After the conclusion of the lecture
light refreshments were served, after
which the 10,000 guests formed in
line and, headed by Mr. Patterson
and three bands, marched to the lodge
at the entrance of the grounds, where
the host bid them good night.

The street cars were taken to their
utmost to handle the great crowd.
It is estimated that at least 10,000
persons rode out to Far Hills and
back, in addition to the 10,000 guests
carried there and back. All Dayton
is again singing its praise of John
Patterson tonight after this unique
entertainment.

Perkins Killed Betts

A FORMER PADUCAH HOTEL
CLERK HELD ON MURDER
CHARGE.

During Dance Near Vienna, Ill., He
Mortally Wounded John Betts
In a Fight.

The many friends here of Fred
Perkins will regret to learn that he
is being held at Vienna, Ill., on the
charge of killing a young fellow
named John Betts, one week ago
from last night, at a dance near that
Illinois city. Young Perkins is well
known in this city, where he resided
for quite a while, and one year ago
clerked at Hotel Lagomarsino, where
on being thrown in contact with the
public he showed himself a most
agreeable and pleasing young man,
who made friends of everybody. He
left here last year and the killing is
the first heard from him by many of
his acquaintances.

The Vienna Times, in speaking of
the shooting, states as follows regard-
ing the killing:

"Difficulty arose between Fred
Perkins and John Betts at a dance
given at the home of Nels Kennedy
about three miles southwest of Vi-
enna Saturday night. During the wran-
gle Perkins shot Betts in the stomach
and Betts died, early Monday morn-
ing from the wound. The rumors that
came to us are conflicting and we
will not attempt to give the cir-
cumstances in detail. It is the old
story of a fight at a dance. Perkins
is a son of A. J. Perkins, proprietor
of the Perkins House, and is a bright
young man and capable of making a
useful citizen. Betts was about
eighteen years old and a son of W.
W. Betts of Buncombe. W. W. Betts
is considered one of the most re-
liable citizens in his community and
the boy has always been very re-
spectable and well thought of.

After being shot Betts went with
his brother in a buggy to his father's
house about a mile east of Buncombe
and died there. On receiving a re-
port of the death G. B. Hood went to
the scene and proceeded to empanel
a jury. State's Attorney Cowan and
Sheriff Veach accompanied him. The
jury examined the body and heard
the evidence of such witnesses as re-
side near the Betts home and ad-
journd to meet at Vienna Tuesday
morning at 9 o'clock where the re-
mainder of the evidence was heard.

The hearing was concluded Tuesday
afternoon and the verdict was that
Betts was killed by Fred Perkins
without provocation. Perkins sur-
rendered himself to the officer Sat-
urday night and was placed in jail to
await the result of Betts' wounds.
The verdict of the coroner's jury
will hold him in jail unless he is re-
leased under a writ of habeas cor-
pus.

Nervy Burglar

SOUTH SIDE CONTINUES TO

BE TERRORIZED BY

THEM.

No Sooner Had Day Family Retired

Last Night Than Attempt Was

Made to Break In.

The burglars seem to continue ply-

ing their avocation in the South end

of town, and as the night progresses

they grow bolder, until last evening

they actually tried to break into the

residence of Mrs. Florence Day of

Woodward street in Mechanicsburg;

before the occupants of the home

had even gone to sleep. Mrs. Day is

a widow who has been suffering

from illness, and about 10:30 o'clock

last night while lying in her bed,

heard someone trying to break into

the window across the room. The

culprit snatched out the screen win-

dow and was preparing to enter when

she screamed and scared the party

away. Officer J. W. Clark was near-

by and being notified made a quick

search for the burglar that ran down

towards Island creek, but could not

find him.

Yesterday morning Mr. Matt Hall

of Broad street reported to the offi-

cers that while he was away the night

before on duty at the fire department

stationhouse on the South Side, some

one tried to enter every door of his

house, and thereby awakened his wife

who procured a gun and blazed away

at the intruder, but unfortunately did

not strike him she thinks. The man

was bold enough to stand right be-

side the house and strike several

matches, as if he were going to fire

the place. He probably knew Sta-

tionman Hall was away and his wife

and children alone and this nerved

him to additional bravery, but he

"dug out" when Mrs. Hall emptied

the contents of her firearm at him.

Shortly thereafter one of the gang

attempted to enter the residence next

to the Hall home, but were un suc-

cessful there, being scared away.

The audacious bravery of the cul-

NEW SCHEDULE FOR THE KITTY EFFECTIVE SATURDAY, JULY 22

Following is the schedule of the new four club league as projected
last week by Acting Secretary M. J. Farnbaker and which will be sub-
mitted to the league for approval. The schedule will probably prove accept-
able to all teams concerned:

| | |
|------------------------|-----------------------|
| Paducah at Vincennes | July 22, 23, 24, 25 |
| Cairo at Princeton | Aug. 15, 16, 17, 18 |
| Paducah at Princeton | Sept. 9, 10, 11, 12 |
| Cairo at Vincennes | July 26, 27, 28, 29 |
| Vincennes at Cairo | Aug. 19, 20, 21, 22 |
| Princeton at Paducah | Sept. 13, 14, 15, 16 |
| Princeton at Cairo | July 30, 31, Aug. 1-2 |
| Vincennes at Paducah | Aug. 23, 24, 25, 26 |
| Cairo at Paducah | Sept. 17, 18, 19, 20 |
| Vincennes at Princeton | Aug. 3, 4, 5, 6 |
| Paducah at Cairo | Aug. 27, 28, 29, 30 |
| Vincennes at Princeton | Sept. 21, 22, 23, 24 |
| Paducah at Cairo | Aug. 7, 8, 9, 10 |
| Vincennes at Princeton | Aug. 31, Sept. 1-2-3 |
| Princeton at Vincennes | Sept. 25, 26, 27, 28 |
| Paducah at Cairo | Aug. 11, 12, 13, 14 |
| Princeton at Vincennes | Sept. 4, 5, 6, 7 |
| Paducah at Cairo | Sept. 29, 30 |

The many friends of Mr. L. P. Balthaser are glad to see him out again after a several months' confinement with illness at his home.

The friends of Miss Dow Husbands will regret exceedingly to learn that the doctors have about given up hope of her recovery, and she is now at death's door as a result of the attack of malarial fever, at her home on Jefferson and Tenth streets.

DEATH BY WHEELS.

G. W. Van Houser Found Ground to Pieces Near Cedar Bluff.

Yesterday morning people passing one half mile south of Cedar Bluff, up on the Louisville division of the Illinois Central, found the body of G. W. Van Houser, an 18-year old telegraph operator who resided near Claxton, Ky. Van Houser had been to Paducah Friday looking for work at the dispatcher's office of the I. C., but getting none started back towards home. He may have sat down on the track and gone to sleep near Cedar Bluff, as his body was found ground to pieces by the many trains passing back and forth Friday night. The remains were taken to Princeton to be held for his parents, who were notified.

ILLEGITIMATE CHILDREN.

Among the Number Is Claimed to be A Child From Paducah.

At Cincinnati complaint has been made to the police that at 424 West Eighth street a negro woman resides and keeps babies born illegitimately, the parents turning the children over to the colored woman to raise, so they will have no knowledge of their ancestry. It is claimed that in the place is a baby that came from Paducah, and whose parents are wealthy.
